## The West and Redistribution

Under the Redistribution Bill just passed at Ottawa, that portion of the Dominion west of the Great Lakes will have fifty-seven representatives in the next parliament. Manitoba will have fifteen, an increase of five; British Columbia thirteen, an increase of six; Alberta twelve, an increase of five; Saskatchewan sixteen, an increase of six, and the Yukon one as previously.

In Manitoba two of the new seats are in Winnipeg; one, Nelson, in the territory recently added to the province; Springfield, made up of a portion of the old Selkirk and Provencher seats. Neepawa, created out of the old Dauphin and Portage la Prairie seats. The population of the Manitoba seats, as now constituted, will be as follows:

Brandon ..... 39,734  
Dauphin ..... 25,062  
Gladstone ..... 25,512  
Lisgar ..... 25,978  
Macdonald ..... 20,802  
Marquette ..... 32,384  
Nelson ..... 10,282  
Portage la Prairie ..... 24,594  
Provencher ..... 32,996  
Selkirk ..... 32,600  
Souris ..... 27,133  
Springfield ..... 39,067  
Winnipeg, North, Centre, and South ..... 136,035

Saskatchewan's new seats are Weyburn, practically taken out of the old constituency of Assiniboia; Swift Current, and Maple Creek, out of the old constituency of Moose Jaw; and Mountain View, out of the old constituencies of Saskatoon and Humboldt; Kindersley, out of the old constituencies of Battleford and Saskatchewan; and North Battleford, out of the old Battleford and Prince Albert seats. The population of the sixteen Saskatchewan seats, as constituted under the redistribution measure, is as follows, according to the 1911 census:

Assiniboia ..... 31,975  
Qu'Appelle ..... 30,470  
Weyburn ..... 31,081  
Regina ..... 41,441  
Moose Jaw ..... 31,552  
Swift Current ..... 28,735  
Maple Creek ..... 19,869  
Kindersley ..... 21,937  
Lost Mountain ..... 22,464  
Humboldt ..... 37,126  
Saskatoon ..... 32,332  
Kindersley ..... 30,129  
Prince Albert ..... 31,162  
Saskatoon ..... 31,539  
Battleford ..... 21,703  
North Battleford ..... 24,617

Altogether, twelve seats. The present constituency of Edmonton is divided into East and West Edmonton, part of the city of Edmonton being in each seat. The east riding includes the country east of the capital, north of the Saskatchewan river excepting that portion adjacent to the Saskatchewan boundary which goes into the new riding of Battleford. The West Edmonton seat includes all the Peace river country and that part of Alberta west of Edmonton along the G. T.P. to the British Columbia boundary. The Victoria seat includes part of the old Victoria and Strathcona constituencies. Along the eastern boundary are two seats, Medicine Hat and Battleford. The present Medicine Hat seat will now have three representatives as the Lethbridge, Medicine Hat and Bow River ridings are really all created out of it. The Calgary seat is divided into East and West Calgary. The West Calgary seat includes all of the city of Calgary south of the C.P.R. main line, and the country west to the B.C. boundary and north to the 34th parallel. East Calgary includes that portion of Calgary north of the C.P.R. main line and the country south to the Bow river, east to Strathmore and north to the thirty-fourth township.

Barons and Carmangay, formerly in the Macleod constituency, and prairie all of the local riding of Taber north of the Bow river are placed in Bow river, which also includes almost all of the local ridings of Gleichen, Little Bow, Bow Valley and Hand Hills, and part of Didsbury and Olds. Lethbridge federal seat takes in three local seats, Lethbridge City, Warner and Cardston, and all of the Taber seat south of the river, as well as two lines of townships north of the river. Medicine Hat includes all of Redhill, Medicine Hat and Acadia local seats.

The local seats of Nanton, High River, Okotoks, Chetopa, Macleod, Pincher Creek and Mountain are placed in Macleod. The populations of the newly constituted seats are as follows: Battle River ..... 26,140  
Bow River ..... 27,044  
East Calgary ..... 35,172  
West Calgary ..... 30,211  
East Edmonton ..... 32,158  
West Edmonton ..... 31,950  
Lethbridge ..... 29,662  
Macleod ..... 30,085  
Medicine Hat ..... 24,481  
Red Deer ..... 37,815  
Strathcona ..... 28,501  
Victoria ..... 37,918

The bill provides thirteen seats for British Columbia. The present constituency of Vancouver

will have three representatives in the next parliament. Vancouver Centre, Burrard and Vancouver South. Altogether there are six new seats in British Columbia, two out of Vancouver, one out of Comox-Alton, one out of Westminister, one out of Yale-Cariboo and one out of Kootenay. The new East Kootenay seat includes the provincial ridings of Yreine, Cranbrook and Columbia, while the west Kootenay seat is made up of Nelson, Revelstoke, Rossland, Kaslo, Slocan and Ymir. The populations of the newly formed B.C. seats are as follows:

Comox-Alberni ..... 16,777  
East Kootenay ..... 23,399  
West Kootenay ..... 24,373  
Nanaimo ..... 31,222  
New Westminster ..... 29,098  
West Vancouver ..... 28,845  
Vancouver Centre ..... 60,104  
Burrard ..... 45,493  
Vancouver South ..... 29,446  
Skeena ..... 25,426  
Victoria ..... 31,660  
Yale ..... 26,908  
Yale ..... 26,666

While the west gains in representation, Eastern Canada loses. Quebec retains its representation of sixty-five, as provided in the B.N.A. Act. Ontario loses four members. New Brunswick two, Nova Scotia two, Prince Edward Island should have lost one but by resolution of parliament it was decided to maintain the representation at four as formerly.

In Ontario, Cornwall and Stormont is split up, part going to Glengarry and part into Dundas; Brockville is united with Leeds; North and South Lanark. East and West Northumberland, East and West Kent are united, each county only having one representative in the future. In Huron county there will only be two members where there were formerly three and the same is the case in Grey and Middlesex counties. Toronto and Durham, get eight instead of four members. The constituency of Rainy River and Thunder Bay is divided into two, and New Ontario gets a new seat, Temiskaming, in addition to Nipissing.

In New Brunswick, Richmond and South Cape Breton are united and will return two members. Guysboro and Antigonish, and Annapolis and Digby, without the municipality of Clare, which goes into Yarmouth, are united and will each elect a member. In New Brunswick two seats are cut off, Restigouche being merged with Madawaska; Victoria, formerly with Madawaska, is merged with Carleton, while Queens-Sunbury is split. Queens going into King's county and Sunbury into York.

Quebec, while it still has 65 members, is completely altered, more populous portions being given increased representation and small counties on the other hand are wiped out. Soulanges and Veaudreuil, Chateaugay and Huntingdon, Laval and Two Mountains, St. Hyacinthe and Montmagny, and L'Assomption and Montcalm are united. Rimouski and Wright are each cut in two, and the Island of Montreal is given twelve seats.

There is no real need of anyone being troubled with constipation. Chamberlain's Tablets will cause an agreeable movement of the bowels without any unpleasant effect. Give them a trial. For sale by City Pharmacy. (2)

EMPEROR WILLIAM'S GREAT APPEAL FOR TEMPERANCE.

"One more short admonition I will give you before you go—a warning with regard to my people, which lies very close to my heart. It is the question of alcohol, and of drinking."

"I know very well that drinking for pleasure is an old inheritance of the Germans. We must, however, in this respect, by continual self-discipline, free ourselves from this evil."

"I can assure you that during my reign of twenty-two years, I have had the experience that nine-tenths of the crimes which have been brought before me for sentence can be traced to alcohol. In former times it was considered a mark of ability, and even genius, if a young man could drink large quantities of liquor without any visible effect. I, as a young officer, have had the opportunity to see examples of that, without taking part in the experiment myself. Those are the views of former times, which are suitable for the period of the 'Young Years' War, but they are no longer adapted to the present age."

"Quite apart from the results, which I need not describe to you further, I would like to draw your attention to a point of the most importance, for your calling in life. As you yourself will observe during the course of your service on board, the service in any navy exacts a discipline, the severity of which cannot be surpassed anywhere."

"The question for you is to be able to endure this severe discipline in times of peace without exhaustion, in order to be in first

class condition in times of necessity. The next war and the next naval battle demand of you sound nerves. They will decide the victory now; the health of the nervous system is jeopardized in youth, and in later years ruined by the consumption of alcohol. You will have the opportunity later to see the training ships and the working of modern artillery on ships, and from that you will be able to form an idea of the conditions in a naval battle. You, while on them, will see many scenes of terrible slaughter. The decisive test will be firm nerves and cool heads. That nation which consumes the least alcohol; that nation wins! And gentlemen, you are to be that nation! You are to be an example to the military and naval forces. With humanity example is more effective than precept. Consequently, without curtailing your camaraderie, I expect of you, while on board the training ship, to note that the consumption of alcohol does not belong to

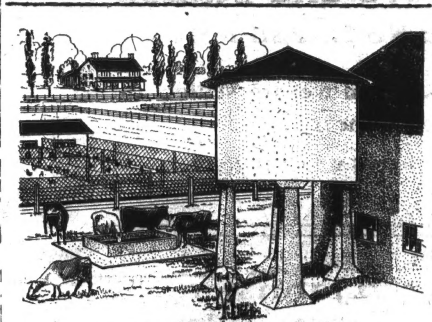

your privileges, and to take steps among yourselves to enforce this regulation. There is being organized in my navy, or already organized, the Good Templar Lodges and the Blue Cross Society. Several officers and several hundred men have joined. I hope you will do all in your power to induce the men in the naval service to join. I need only point to the excellent example of the English navy, of which 20,000 men and officers have already joined. It is a question of the future of our navy and of our people. If you educate men in service to refrain from alcohol I will have healthy and intelligent subjects.

"This is the great question of the future. If you, however, stand for the principles of temperance, my people will be morally preserved. That is a work which I entrust you to share."

Dr. Hess' Pan-ace-a Roup Cure and Instant Louse Killer at W. L. Elliott's. (M4-ft)

**CONVENIENT** Burns coal, coke, or wood. Large feed doors make firing easy.

**McClary's Sunshine Furnace**  
Water pan is filled without removing.  
See the McClary dealer or write for booklet.  
Sold by A. M. CAMPBELL

**Concrete Tanks and Troughs Never Rot or Leak**  
THE most practical tanks, whether for water or sewage, are built of concrete. They never rust, rot, dry out or leak. They never need new hoops or paint. They last a lifetime and seldom require repairing, which makes them the cheapest tanks that can be built.  
**Clean, Sanitary Watering Troughs**  
are just as necessary as the animals that drink from them. The farmer's best interest is being served when his stock is insured a plentiful supply of clear, clean water from a trough that is permanent and sanitary.  
"What the Farmer can do with Concrete" is the name of a handsome free book that tells all about concrete tanks, watering troughs and other uses of concrete that will save every farmer many dollars. Write for it to-day.

## Farm Lands for Sale

By **Inglis & Cameron**

160 ACRES, PRICE \$2,500

No. 226-160 acres of No. 1 soil, 6 miles from town, 13 miles from school, 47 acres cultivated, 50 acres poplar timber, balance open land; 2 good wells, all fenced, 14 storey frame house 16x18, frame granary 12x14, log stable with single roof, 16x22, log stable with single roof, 18x18; hen house 14x18, hog house and hog yard. This is a fine piece of land and a snap at the price quoted. Terms \$1,000 cash; balance to suit purchaser.

960 ACRES, PRICE \$30,000

No. 225-960 acres of good black loam soil, 17 miles west from Lacombe, 7 miles from Sylvan Lake, 3 miles from electric line, 400 acres under cultivation, and 400 acres more of open land which can be easily broken, 100 acres of good timber, good wells and running creek of water; all fenced and cross-fenced with three wire and a goodly portion fenced hog tight; 5-room frame bungalow, 3-room frame house, frame granary 24x44, frame barn 50x54, frame barn 24x32, hog house 8x32, implement sheds 12x100, poultry house, ice house, wood house, smoke house, stock corral, set of stock scales; there are also stock sheds to accommodate about 200 head of cattle. All of the above buildings are painted and in first-class condition. Terms, half cash, and balance arranged to suit. This property is without doubt one of the best stock ranches in the country.

PRICE \$30 PER ACRE

No. 83-440 acres of first-class land, 2 miles from Lacombe, 200 acres cultivated, 400 acres open land, splendid spring creek, all fenced and cross-fenced, new frame house, two-storey, 18-28, with addition 18x18; frame barn 16x32, frame house 12x18, with addition 12x20. This is a splendid proposition and well worth investigation. Terms, half cash; balance to suit.

310 ACRES, PRICE \$11,000

No. 155-320 acres of No. 1 land, 3 1/2 miles from Lacombe, 100 acres cultivated, good well, all fenced; frame house 14x18; frame granary 14x28; log granary 20x30; log stable 20x32. This is a first-class piece of land and well worth the money. Terms \$5,000 cash; balance easy.

160 ACRES, PRICE \$2,700

No. 194-160 acres of excellent land, 12 miles from Lacombe, 60 acres cultivated, 150 acres of clear, open land, all fenced, two storey frame house, 6 rooms; frame barn 30x52. This is a fine piece of land and one of the best buys we have on our lists. Terms \$1,000 cash; balance easy.

PRICE, \$15 PER ACRE

No. 232-480 acres of first-class land, 5 1/2 miles from Sylvan Lake, 11 miles from Blackfalds; good log house, frame shack, log stables and a frame granary, 22 acres cultivated; all fenced and cross-fenced; two good springs that never fail. This is practically all open land and an excellent mixed farming proposition. Terms \$2,000 cash, and balance in ten equal annual payments at 7 per cent.

We have several good town and city properties to trade for farm lands.

Money to loan on improved lands at current rate of interest.

We handle all classes of insurance—Fire, Life, Accident and Sickness, Liability, etc.

We are agents for the Farmers' Mutual Life Insurance Association, the oldest and largest farmers' hail association.

Window Shades and Brass Extension Poles, at Morrison & Johnston's, Ltd.

When Const. Miller arrested a hobo for begging on the street last week, he made a capture probably worth while. The man was sent up for two months, and when he was taken to Edmonville he was recognized as a burglar who had just been released from the penitentiary, and probably wanted for recent burglaries in Wetaskiwin. The town police have determined to keep Lacombe free from "Wary Wilkes," and are arresting every one that arrives.

Messrs. Malcolm & Roberts, two well-known Alberta hotel men, have taken over the Gadsby Hotel, and will at once erect an up-to-date hostelry. The new building will be one of the most complete on the line, steam heated throughout, and will have ample accommodation for commercial travel. Gadsby has for some time lacked proper hotel facilities, and the town is to be congratulated on securing two such competent men as Messrs. Malcolm & Roberts.

All available land in the Lacombe district has been filed up by oil prospectors within the past few weeks. On Monday a crowd of Calgary arrived in town, and the rush at the land office was so great that the agent had to give out numbers and have the applicants take their turn in filing. It appears that a very fine section, thoroughly domesticated, has been discovered in the Lacombe district, and this is a sure sign of oil.

It is gratifying to record that at the recent oil convention held in Morningside in aid of the church funds, the sum of \$33.50 was raised. The mortgage has been raised from the church and all outstanding debts paid, while the interior of the sacred edifice has been tastefully painted, making the effect both comfortable and cheery. Rev. Mr. Jennings and his staff of able and willing workers are to be heartily congratulated on the result of their efforts during the past winter.

C. M. Smith, two miles south of Clive, will hold a clearing-out auction sale of all his farm stock and implements on Wednesday, July 8, commencing at 12 o'clock sharp. Mr. Smith is offering a splendid lot of horses and cattle, all in the best order, and money makers, and in addition will clear out a large herd of hogs. He is giving six months' credit, and there will be no reserve. F. Dameron will conduct this sale. If you are looking for good farm stock be sure and attend this sale. See bills.

The three men concerned in the murder of a man at Exshaw on May 22nd have been sentenced to hang on August 26th. While only one man did the shooting, the other two were parties to the crime or they would not have been there. For the prompt apprehension and conviction of the gang, congratulations are due to both the law authorities and the public. Unless the minister of justice intervenes and prevents the execution of the sentence, human life will be somewhat safer in this province as a result. The moral, that those who participate in a hold-up are liable to have to answer with their necks if one of the party commits murder, is one that is badly in need of emphasis in this part of the world just now.

House to let, fully furnished or unfurnished rooms—Apply Mrs. P. Jones, Nanton Street.

**IMPOUNDED AT LACOMBE.** One Grey Gelding, 12 years old, weight 900 lbs., wire cut on right foot, both hind feet grown out long, branded HF (monogram) on left hip, Y on right jaw.

**TO LET.** House to let, fully furnished or unfurnished rooms—Apply Mrs. P. Jones, Nanton Street.

**Denike & Bulger**  
Jewellers, Lacombe.  
"The Store of Worth and Beauty."

looking over the company's line in company with President Gibson and Vice-President Taylor.

Each one of our lives has its joys. Old people should be happy and they will be if Chamberlain's Tablets are taken to strengthen the digestion and keep the bowels regular. These tablets are mild and gentle in their action and especially suitable for people of middle age and older. For sale by City Pharmacy.

**NELSON-MARTIN**  
A quiet and pretty wedding took place at the home of Mr. and Mrs. N. S. Nelson, south-west of Bentley, when their son, John J. Nelson, was married to Maggie Martin, of Penhold. The bride was given away by her father, and Miss Nellie Martin, sister of the bride, acted as bridesmaid, while Mr. Marius Nelson, brother of the groom, acted as best man. The bride was very prettily dressed in a cream silk poplin with chiffon overlay, carrying a gorgeous bouquet of carnations, while the bridesmaid was charmingly dressed in cream silk voile. Rev. Mr. Johnston conducted the ceremony.

After a sumptuous repast, the guests, which numbered about fifty of their immediate neighbors and friends, engaged in auto drives and sports. The young married couple are very popular in the district and will take up their abode on their farm one mile west of their father's.

Best Ducks—One Year's Subscription.

Best collection of Vegetables—First, One Year's Subscription. Second, One Year's Subscription.

**Lacombe Oil Field**  
Greatest Discovered

The oil boom, has struck Lacombe, and during the past week the Dominion Lands Agent, R. H. Inglis, has taken in the neighborhood of twenty thousand dollars for oil leases on lands in this district. North, south, east and west, nearly every available section has been filed on. Men who know are scouring the country accompanied with geologists and men from the big oil fields of the United States, and no matter where they go, they get sure indications of the existence of the precious fluid. From Lavesta and Wittenburg, Rimbey and Bentley, Ponoka, Bluff Centre and other points north-west, from Stettler, Nevis, A1ix, and as far east as Coronation, prospective oil barons are coming in on every tract and putting up their \$45 per quarter section for oil rights, and the land agent is almost worked to death. The district west of Lacombe was the first to be covered with leases, then the excitement started around A1ix, and now that portion of the Lacombe district from this side of A1ix clear out to Coronation is in the hands of oil men.

Oil companies are being formed in every town and village in the district, and at A1ix a local company has arranged for a rig and will commence drilling operations near Lignite as soon as material can be rushed to the location. The A1ix company has the opinion of a geologist that in the immense coal field near Lignite oil is sure to be obtained.

At Mountain House west of Lacombe a company is getting in a rig and will start drilling within a few weeks.

A local company is securing leases near Wittenburg and Lavesta, and will begin operations as soon as the necessary arrangements can be made.

A company of Ponoka businessmen are arranging to float a company to put down a well west of that town, while many other companies are contemplating drilling in the same country.

In fact, the whole country has been blanketed with oil leases, and the suggestion is made that some of the late filers should have made application for grazing leases at the time they filed for oil. In the meantime the grass continues to grow, and the hove to graze contentedly on good hay land to which hopeful aspirants are paying out rentals with the idea that there might be a demand later for the leaseholds. In the meantime the government is reaping a harvest.

From the above it will be seen that Lacombe is in the centre of one of the greatest oil fields the world has ever seen, not excepting the great south of Calgary, and the development of the oil industry will mean much to our town. It will not be surprising if before many years Lacombe is known as the oil centre of Alberta, and possibly hundreds of pipe lines will be pouring the products of the wells into the mammoth reservoirs that will be erected here, and the gigantic refineries required to handle the raw product and give work to thousands of laborers. Then Lacombe will develop into a real city.

**FOOTBALL**

On Thursday last the Lacombe football team journeyed south to Didsbury, where their first league match was scheduled to take place. Rain fell heavily during the afternoon, but fortunately abated before the game commenced. Didsbury won the toss and chose to play with the wind. They at once became aggressive, and for the first fifteen minutes forced the play in Lacombe's territory. After this the Lacombe abated before the game started, boys settled down to their usual game, and after twenty minutes' play Richardson, forcing his way past both Didsbury's fullbacks, scored the first and best goal of the match. Lacombe kept up the pressure, and a scramble in the home team's goal enabled Dick to notch another goal, leaving the score 2-0 in Lacombe's favor at half time.

Play continued to be fast and interesting in the second half, during which Lacombe had most of the play. Richardson added a third goal shortly after the restart, and with a clever wing shot easily bent the Didsbury custodian, making the fourth.

Didsbury tried hard to score in the last ten minutes, which they were successful in doing, scoring the last goal of the game from short range, leaving Lacombe victors by 4-1.

The next league game takes place at Lacombe on Thursday, the 25th June, when Red Deer are the visitors. A good and strenuous game is expected.

On Friday evening the Lacombe team visited Clive, where they were due to play against the local club. Clive had most of the play, our boys responding poorly, apparently not quite recovered from their recent exertions at Didsbury. At half time Clive were two goals ahead and managed to keep the lead, despite one or two dangerous attacks on Lacombe's part which their home goal keeper ably frustrated. Next Monday evening Clive play the return game at Lacombe, when we hope to make amends for the defeat by winning substantially.

## JOHN DEERE

IMPLEMENTS

Triple Gang  
with Horse-Lift

You Can Do  
33 1/3 Per Cent More Work

Think of a man increasing his efficiency 33 1/3 per cent.  
Think of actually doing 33 1/3 per cent more work in a day than formerly.  
Think of doing all this extra work simply by adding another horse to your team.  
That is exactly what can be done with a John Deere Triple Gang. But that is not all.  
The work will be easier for both the man and the horse.  
In these days, when it is difficult to get hay, any implement that will enable you to do more work with less man and horse is worth investigating.  
Think of the economy—the actual money saved.  
Do you know of any other place on the farm where you can do 33 1/3 per cent more work practically without increasing the expense?

THE JOHN DEERE TRIPLE GANG is made in two sizes, three 15-inch or three 14-inch plows, consequently cuts either 15 or 14 inches.  
Consider what it means to turn a strip of ground a yard or more wide—a single gang from 15 to 22 inches every round, over a two bottom gang full of corn, wheat, etc.

## THREE GUILTY OF MURDER TO BE HANGED

Calgary, June 17.—Alfano Sokoloff, Max Mandick and Joe Smith, Calgary Russians, were found guilty this afternoon of murdering Paymaster Wilson, of the Canada Cement Co., at Exshaw, on May 22, and sentenced by Mr. Justice Walsh to be hanged at Macleod on August 26. The jury recommended mercy on Mandick's behalf.

The prisoners held up and robbed Wilson of \$2,314.50, pay money for the cement plant employees. Sokoloff, shooting and killing him when he attempted to reach for his own revolver. Justice Walsh congratulated the police on their quick work in bringing all the murderers to justice within a month. After the committing of the crime.

## BURGULARS AT WORK IN WETASKIWIN

Wetaskiwin, June 17.—Burglars have been operating in the city this week. On Monday evening the store of the Wetaskiwin Wine and Spirit Co. was broken into and about \$100 in cash and several cheques were taken from the store. Last night between the hours of six and seven some one entered the jewelry store of E. T. Williamson and removed nearly \$600 worth of rings, bracelets, etc., from trays in the show cases. The more valuable jewelry had been placed in the vault prior to closing. The thief either forced an entrance at the back door or else secretly entered the store in the afternoon and hid himself in the optical room. There is not the slightest clue.

It is well known that not more than one case of rheumatism in ten requires any internal treatment whatever. All that is needed is a free application of Chamberlain's Liniment and massaging the parts at each application. Try it and see how quickly it will relieve the pain and soreness. Sold by City Pharmacy. (5)

## THE SENATE AND THE C.N.R. AID BILL

Thirteen Liberal members of the Senate voted for the Dominion Government's C.N.R. aid bill on its third reading. This fact may silence those who have been imputing dishonesty to the government members who supported the passage of the bill in the commons. The defection of thirteen senators from the party ranks is some compensation to the government for the revolt of Messrs. Bennett and Nicksie, and the entire discussion has proved that there was room for difference of opinion on this question. The variety of the schemes suggested by Liberal members in the Commons showed that there was room for difference of opinion even in the ranks of the Opposition, although all were agreed to make a show of obstruction. There is, fortunately, now no further occasion for waste of time and the scheme will shortly go into operation.

## SUSPENDS ALBERTA ROYAL ARCH MASONS

Toronto, June 17.—The grand principal of the grand chapter of Canada, Judge MacWatt, of Sarnia, has issued an announcement to the first principal officers and companions of all chapters under the jurisdiction of the Royal Arch Masons in Canada in connection with the recent secession of Royal Arch Masons in Alberta, who formed a grand body of their own. The grand principal of the so-called grand chapter of Alberta, the grand scribe E. and the companion, who conducted the installation ceremony, have been suspended and the so-called grand chapter of Alberta has been called "irregular, spurious and clandestine." This means that all chapters in Canada and in other parts of the world must regard it as such and must have no connection with this schismatic body.

## HINDUS DECLARE THEY WILL FIGHT

Vancouver, B.C., June 17.—C. G. Johnson, agent for the owners of the Komagata Maru, last night formally notified Gurdit Singh that the vessel would leave for her return trip. It is hardly likely that the climax in the Hindu case will come before the end of the week, when Captain Yamamoto hopes to borrow a party of armed marines from one of the visiting Japanese warships. Yesterday morning the Hindus declared that if a tug was sent to move them by towing the ship they would fight. Later in the day the officials decided they would leave the Komagata Maru where she is. The Hindus insist that they will fight if any attempt is made on board to move the ship or even hoist the anchor while they are aboard. Just how to place guards aboard or otherwise to assist the departure of the vessel is a problem that is puzzling the authorities.

## BUSH FIRES ATTACK STORES OF DYNAMITE

Toronto, June 17.—Bush fires in Northern Ontario have added a new terror for lumbermen in the district, by attacking stores of dynamite located at various points, and in one case the men barely escaped with their lives, according to reports received by the department of lands, forest and mines today.

In one instance sufficient warning was given to permit the men to clear the storehouse of dynamite and carry it to a nearby creek, where they sank it, themselves standing up to their necks in water while they watched the fire sweep by, taking with it their camp.

Already the whole property of the Hindoo Bay Lumber Company has been burned, and the employees of the company have had narrow escapes, in addition to the above.

## SAY OUTLOOK IN CANADA IS BRIGHT

London, June 17.—The empire section of the Financial News, which appeared today, publishes two articles telling "plain truths about Canada," and "discussing 'The Dominion's soundness.'"

It declares that Canada is just emerging from the world-wide crisis unhurt and that she stands economically sound from the east to the west and from north to south. It is admitted that land speculation has harmed the country's development and has tied up large sums.

The writer says that the existing depression in Canada today is due to causes outside of Canada. The two articles are separately written by different authors, who reason similarly. They each conclude that the Canadian outlook is satisfactory.

## TRANSFER ELEVATOR TO BE LOCATED IN VANCOUVER

Ottawa, June 17.—Official announcement was made by Hon. George E. Foster today that the government had selected the site for the new Pacific coast government transfer elevator. It will be built on the site of the government dock at Vancouver.

Plans for the elevator will be prepared at once, although it will be two or three months before tenders can be let. It is expected that the elevator will be modelled largely on the government elevator at Port Arthur, though with possible changes to meet the Pacific coast trade requirements. It will be fitted with all the latest hospital and cleaning apparatus to handle damaged grain.

The government in the construction of this elevator, along with the new government elevator at Calgary, the contract for which was let on June 1, has in view the expansion of the grain trade which is looked for when the Panama canal opens.

Mr. Foster wants to be in position so that Canada can capture more than its share of the increase in commerce which is expected. It is believed that with the opening of the Panama canal the larger part of the Alberta grain will flow to the European markets by the Pacific coast. In addition, in constructing these two government elevators, Mr. Foster has in mind the development of trade and commerce. China and Japan are starting to use flour which was previously imported from the United States. Mr. Foster believes that the new elevators will see a tremendous development in Oriental trade. He wants to see Canada prepared to hold its own in the fight for commercial supremacy in the Orient.

When your child has whooping cough be careful to keep the cough loose and expectoration easy by giving Chamberlain's Cough Remedy as may be required. This remedy will also likely the tough mucus and make it easier to expectorate. It has been used successfully in many epidemics and is safe and sure. For sale by City Pharmacy. (3)

## TO MAKE NAVIGATION SAFER IN THE FOG

London, June 17.—An interesting experiment in navigation in the fog will be carried out by the Canadian Northern Steamship, Royal George, which left Avonmouth today for Quebec.

She is fitted with an apparatus enabling a vessel in the thickest weather, without the aid of compass or sextant, to ascertain her position when she is within a radius of fifty miles of a fixed wireless fitted ship, whose position is known.

It is also claimed for this apparatus that should the Royal George pick up a wireless distress signal she would be able to set her course towards its source, even though the distressed vessel was not able to indicate her position.

## HURTA GUNBOAT CRIPPLES ENEMY IN FIGHT AT SEA

Washington, June 17.—The Hurta gunboat, Guerrero, defeated and crippled the constitutionalist gunboat Tampico, near Mazatlan, according to a report today from Rear Admiral Howard. The captain and chief engineer of the Tampico committed suicide.

The naval battle was witnessed by the United States ship New Orleans, Perry and Preble. A long dispatch was received at the White House from the American delegates at the Niagara conference which officials said did not change the situation. Both the war and state department and the White House disclaimed having any official information on the reported break between Carranza and Villa.

The engagement took place last night, off Topolobampo and word came to the navy department early today. Some of the crew of the Tampico were rescued by the New Orleans, which had accompanied the Guerrero southward yesterday. Others were rescued by the Guerrero. The surgeon of the New Orleans assisted in the care of the injured on both sides, co-operating with the staff of the federal gunboat. The Guerrero is nearly twice the size of the Tampico, and her ordinance is at least 50 per cent more powerful.

## CROP PROSPECTS OF THE BRIGHTEST

Winnipeg, June 18.—"I have just returned from an extensive tour of the western prairie provinces, reaching into districts far removed from travel," said J. Bruce Walker, commissioner of immigration, this morning.

"I went through southern Saskatchewan and Alberta, and find that with the more than copious rains during the latter part of last week, there is every reason to believe the crop prospects today are better than they were at this season last year, or even for many years. Wheat is looking unusually well, roots are strong and healthy, and the plants growing up with amazing rapidity."

## EMIGRATION FROM BRITAIN SHOWS BIG FALLING OFF

Ottawa, June 18.—The flight from Great Britain this year has received a great check. The emigration statistics issued by the British board of trade show an enormous decline for the four months ending April last, the total of British subjects leaving the United Kingdom for various parts of the empire being 53,161, as compared with 102,032 in the same period of 1913. These figures represent a return to the normal emigration before the boom years of 1910, 1911, 1912 and 1913.

Canada has been largely affected by the decline. For the four months the total number of emigrants to the Dominion was 31,601, compared with 66,930 in the same period last year.

## ATTEMPT TO KILL THE CZAR

Berlin, June 18.—An attempt was made near Tschudovo, Russia, today, to blow up the Russian imperial train carrying the "Emperor of Russia and his family."

According to dispatches from St. Petersburg, a bomb was found on the track. A postal train which was preceding the imperial train as a pilot, struck the bomb and caused it to explode. Many of the coaches of the mail train were shattered and several persons injured.

## STRUCK BY LIGHTNING

Wetaskiwin, June 17.—During a heavy electrical storm which passed over the district this afternoon, lightning struck a residence on Pearce street, occupied by R. J. Thompson. A portion of the roof and the chimney were badly damaged, and the fireplace cracked, the sparks being thrown in all directions. Clouds circled the city and the rain fell in torrents, greatly taxing the capacity of the sewer system. A slight fall of hail accompanied the rain, but no damage was done.

## M'CARTHY TO BE A JUDGE

Ottawa, June 17.—It is understood that Maitland McCarthy, former M.P. of Calgary, will be one of the three appointees to the Supreme Court of Alberta. Several other names are mentioned, but none is definite except that of Mr. McCarthy.

## Houses to Rent

A large, comfortable house, furnished, on the corner of Hamilton and Goulay street; very suitable for a large family or for a private boarding and rooming house.

A roomy, well finished cottage, with garage, on the corner of Park street and Archibald Ave., near the Agricultural Grounds, only \$14.00 per month.

That desirable property on the Calgary and Edmonton Trail, with comfortable house and small barn, adjoining Dr. Shute's residence, \$15.00 per month.

A 7-room cottage on Alberta street, \$15.00 per month.

A. HUME, Union Bank Building.

## By-Law

A By-law of the Town of Lacombe in the Province of Alberta, to provide for raising by way of Debenture the sum of \$3,500.00 to be expended in defraying the cost of purchasing and installing a boiler at the present existing Electric Power Plant of the said Town.

Whereas it is considered to be desirable and necessary that the Town of Lacombe, aforesaid, borrow for the above mentioned purpose the sum of \$3,500.00 to be repaid in the manner hereinafter set forth.

And whereas it is expedient that the said proposed indebtedness of \$3,500.00 be made repayable during the period of twenty years from the date upon which this enactment takes effect and bear interest at the rate of 6 per cent. per annum and that the said principal sum, along with interest thereon, at the rate aforesaid, be paid in twenty equal aggregate yearly instalments of \$305.13 each as to both principal and interest during the currency of the aforesaid period of twenty years.

And whereas the amount of the whole rateable property in the said Municipality according to the last revised assessment roll thereof is \$396,452.

And whereas the total amount of the existing debt of the said Municipality outside the debt due for current expenses of the year 1914 is \$79,140.21, of which no part is in arrears.

And whereas it is expedient that this enactment come into force and take effect on the 7th day of July, A.D. 1914, and that the whole of the obligations to be issued for the repayment of the aforesaid debt of \$3,500.00 be dated as of the day upon which this said enactment takes effect as aforesaid.

NOW THEREFORE, the Municipal Council of the Town of Lacombe, in open council assembled, enacts as follows: That it is to say:

1. That it shall and may be lawful for the Mayor and Secretary-Treasurer of the said Town of Lacombe in the said Province of Alberta to borrow on behalf of and on the credit of the said Municipality of the Town of Lacombe the sum of Three Thousand Five Hundred (\$3,500.00) Dollars and to issue a debenture of the said Municipality for the aforesaid sum, the whole of which shall be appropriated for the above named purposes and for no other.

2. The aforesaid debt of \$3,500.00 along with interest thereon at the rate of 6 per cent. per annum shall be payable in twenty equal aggregate yearly instalments of \$305.13 each as to both principal and interest from the date of this enactment taking effect, the first of such instalments of principal and interest to become due and payable in one year from the aforesaid date, and the last of such instalments of principal and interest shall become due and payable in twenty years from the aforesaid date, and the said debenture shall have coupons attached thereto for the payment of the said instalments of principal and interest, which shall be payable, as aforesaid, at the Union Bank of Canada, at the said Town of Lacombe.

3. The said debenture shall be dated as of the day upon which this said enactment takes effect and be signed by the Mayor and Secretary-Treasurer of the said Municipality and also have the Corporate Seal of the said Municipality attached thereto, and the said coupons shall also be dated, as aforesaid, and be signed by the said Mayor and Secretary-Treasurer.

4. In addition to all other rates and taxes annually levied and collected by the said Municipality there shall be also annually levied and collected, as aforesaid, during the currency of the said debenture, on all the rateable property in the said Municipality, by way of special rate or rates thereon, the sum of \$305.13, being the amount of each equal aggregate yearly instalment, payable as aforesaid, in respect of the said debt, which said instalments for each part thereof as shall not be met by the revenue derived from the present system of electric lighting owned and operated by the said Municipality shall be payable, levied and collected at the same time and in the same manner as all other rates and taxes of the said Municipality are annually payable, levied and collected.

5. This enactment shall come into force and take effect on the 7th day of July, A.D. 1914.

6. The votes of the electors of the said Municipality shall be taken on this By-law on Saturday, the Fourth day of July, A.D. 1914, between the hours of 10 o'clock in the forenoon and 7 o'clock in the afternoon, at the Town Hall in the said Town of Lacombe, and Edmund J. Tett shall be the Returning Officer for the purpose of taking the said votes by ballot for the purpose of securing the

passing of this said enactment.

7. The said Returning Officer shall attend at the said Hall at the hour of twenty minutes past seven in the afternoon of the said Fourth day of July, A.D. 1914, and sum up the votes given for and against this By-law and shall then and there declare the result and forthwith certify to the Council of the said Municipality, under his hand, whether the requisite majority of the electors entitled to vote, who have voted upon this By-law, approved or disapproved of the same.

Read a first and second time this 26th day of May, A.D. 1914.

EDMUND J. TETT,  
Returning Officer.  
(J10-3c)

NOTICE

I do hereby certify that the above is a true copy of the By-law which has been introduced and which will be finally passed by the Council in the event of the assent of the Burgesses being obtained thereto within four weeks of the voting thereon, and that upon the day and at the place fixed for taking the vote of the Burgesses, the voting thereon will be held between the hours of ten o'clock in the forenoon and seven o'clock in the afternoon.

EDMUND J. TETT,  
Returning Officer.  
(J10-3c)

Sealed Tenders, addressed to the undersigned and endorsed "Tender for Addition and Alteration to Public Building, Medicine Hat, Alberta," will be received at this office until 4 p.m., on Monday, July 6, 1914, for the construction of the addition and alteration mentioned.

Plans, specification and form of contract can be seen and forms of tender obtained at the offices of Mr. Thos. Tyler, Caretaker, Public Building, Medicine Hat, Alta.; Mr. Leo Dowler, Architect, Calgary, Alta.; Mr. H. E. Matthews, "Superintendent Architect of the Dominion Public Buildings, Winnipeg, Man.; and at this Department.

Persons tendering are notified that tenders will not be considered unless made on the printed forms supplied, and signed with their actual signatures, stating their occupations and places of residence. In the case of firms, the actual signatures of the nature of the occupation, and place of residence of each member of the firm must be given.

Each tender must be accompanied by an accepted cheque, on a chartered bank, payable to the order of the Honorable the Minister of Public Works, equal to ten per cent. (10 p.c.) of the amount of the tender, which will be forfeited if the person tendering declines to enter into a contract when called upon to do so, or fail to complete the work contracted for. If the tender be not accepted the cheque will be returned.

The Department does not bind itself to accept the lowest or any tender.

By order,  
R. C. DESROCHERS, Secretary,  
Department of Public Works,  
Ottawa, June 8, 1914.

Newspapers will not be paid for this advertisement if they insert it without authority from the Department. (J17-2c)

NOTICE

Notice is hereby given by the Town of Lacombe, that it will during the year 1914 construct a cement walk 48 inches wide along the north side of Hamilton Avenue, from the Curry and Edmonton Road East to meet the concrete walk already constructed. The above work will be constructed under the Local Improvement Sections of the Town Act of the Statutes of Alberta, 1912, Chapter 2, and amendments thereto, and the cost thereof will be assessed against the lands (fronting upon the aforesaid street affected by the work) by special frontage assessment spread over a period of 20 years, and the said work will be proceeded with as soon as practicable unless a majority of the owners of the lands to be affected thereby, representing at least one-half the value thereof, petition the Council of the said Town against the same within two weeks after the last publication of this notice.

Dated at Lacombe, this 16th day of June, 1914.  
Sec.-Treas., Town of Lacombe.  
(J17-3c)

Sealed Tenders, addressed to the undersigned, and endorsed "Tender for Supplying Coal for the Dominion Buildings," will be received at this office until 4 o'clock, on Monday, July 6, 1914, for the supply of coal for the Public Buildings throughout the Dominion.

Combined specification and form of tender can be obtained on application at this office and from the caretakers of the different Dominion Buildings.

Persons tendering are notified that tenders will not be considered unless made on the printed forms supplied, and signed with their actual signatures.

Each tender must be accompanied by an accepted cheque on a chartered bank, payable to the order of the Honorable the Minister of Public Works, equal to ten per cent. (10 p.c.) of the amount of the tender, which will be forfeited if the person tendering declines to enter into a contract when called upon to do so, or fail to complete the work contracted for. If the tender be not accepted the cheque will be returned.

By order,  
R. C. DESROCHERS, Secretary,  
Department of Public Works,  
Ottawa, June 2, 1914.

Newspapers will not be paid for this advertisement if they insert it without authority from the Department. (J17-2c)

## Training The Colts' Feet

Far too many men have been laboring under the delusion that to succeed in putting a big heavy middle on draft horses meant the attainment of perfection in horse production. The feet have been a secondary consideration. Many of our crooked-legged horses are the result of improper care given to the feet of the colts. Badly broken have come to realize that to grow good feet a beginning must be made during the early life of the drafter. Experience shows that by giving as much attention to the feet and legs as to the body during the first two years, a better product is assured. It is an easy matter to put a big middle on a horse after he is a two-year-old, but it is a most difficult matter to grow good feet if up to that time they have been neglected.

If left to nature the foot will not always grow perfect in form, well balanced and strong. In the case where there is gravel in the sole, the horn may wear off as fast as is necessary to preserve the proportions of the foot, but the wearing is not always even. It is poor policy to trust to natural agencies for the accomplishment of this work. On soil will the foot be not worn, and the hoofs, growing, rapidly, often split and are not infrequently ruined. Many farmers lay the blame on the blacksmith when the real trouble began at home. The time to begin to grow feet is before the foal is weaned. When on pasture the foal should be driven to the stable every three or four weeks and the foot dressed. The only tool required are a rasp and a knife. Generally the tool will need sharpening. They should never be allowed to grow long and pointed, because this produces a narrow heel—a most undesirable condition. The heels, too, should always be rasped sufficiently low to allow the colt to throw as much weight as possible on the frog. If this is done it will cause the heel to spread. If the toes are kept short the quarters will usually take care of themselves.

The frog ought to receive particular attention, for if it gets out of contact with the ground, the foot will rapidly drop at heel. Simply remove the ragged edges and clean out the cavities each time the hoof is dressed.

When dressing a foot, many blacksmiths cut out the bars and concave the soles. The sole will take care of itself, for nature will throw off the dead horn as required. To remove, or even to partially remove, the bars is a great mistake. They are the natural braces which prevent the contraction of the heels. The foot should be rasped level, after which the edges of the walls must be rounded to keep the hoofs from splitting when they come in contact with rough and stony ground. The walls must not be rasped any higher than is necessary to round the edges, otherwise the varnish will be removed and the horn dry out.

If a colt is inclined to "toe in" either when standing or moving, the inside quarter of the foot should be made lower than the outside. This will throw weight on to the inside. By persevering with this treatment, it will be possible to make him place his feet straight and true. "Toeing out" is the fault, reverse the treatment.

In the case of the hind feet, there is a natural tendency for the young horse to walk on the outside wall of the hoof. This wears the outside quarter, and the inside grows high. If this condition is allowed to continue it is apt to change the set of the leg and cause the hocks to stand far apart, whereas they should be more or less close. This condition can be easily prevented while the bones are "green" by lowering the heel on the inside quarter by rasping. In bad cases it is advisable to put on a three-quarter shoe—one that comes all the way round the outside and inside of the hoof, and decreases in thickness from toe to the inside quarter.

If a colt must stand in the barn, he should be allowed to walk on the bare floor, and his feed trough so placed that when he eats he is standing on the bare ground. Sudden changes of feed, periods of sickness, exposure to inclement weather for months at a stretch—all have injurious effects on the feet. To give him shelter, the colt will feed him regularly and generously, and protect him against disease.

Oyster Shell Grit and Flax Meal in any quantity at W. L. Elliott's. (M4-1)

TENDERS FOR CONCRETE WALKS.

The Town will receive tenders for approximately 8,606 square feet of concrete sidewalk and 766 lineal feet of curb and gutter, up to June 25th, 1914, to be built this summer. Plans and specifications can be seen at the office of the  
"SECRETARY-TREASURER."

## HOW CHURCH UNION STANDS

The status of church union is little, if any, altered by the action of the Presbyterian General Assembly. Disappointment has been expressed at some of the Methodist conference that a more definite advance was not taken, and considering that it is now twelve years since union overtures were first made by the Methodist conference, the position for the time of impatience. On the other hand it is not to be doubted that a union that would carry the entire Presbyterian church is impossible at this time, and for the general assembly to have adopted union with the Methodists that would have led to a split in the Presbyterian church would have been to defeat the very purpose of union.

Unless the general conference of the Methodist church, which meets in Ottawa in September, takes adverse action, and decides formally to withdraw from the negotiations, the union question may be said to stand "as before." The Presbyterian church has appointed a committee favorable to union, with instructions to continue negotiations with the other two churches. The Methodists and Congregationalists will be asked to reappoint union committees to meet in joint conference with the Presbyterians, to consider amendments to the proposed basis of union. If a basis of union can be agreed upon, the new basis will be re-submitted to the general assembly in 1915. If accepted at that time by the assembly, the basis will then be re-submitted to presbyteries and congregations of the Presbyterian church, and final action will depend on the vote of congregations and presbyteries. The general assembly will thus not be able to pass finally upon the question of union until 1916.

## WHY DO MINISTERS LEAVE THE CHURCH.

Delegates to the Baptist Union, which has been in session in Calgary this week, have been asking each other the question, "Why do the ministers leave the church?" Various answers have been given, but there has been a reluctance on the part of those who are intimately acquainted with every phase of the issue, to definitely cross the threshold. Ethical and other scruples interfere with their freedom of utterance.

If the real facts could be laid bare, it would probably be found that the ministers as a profession are really well equipped.

When a man cannot support himself and his family in comfort in one vocation, it is natural for him to seek another. By the very virtue of their calling, ministers should be raised above worldly care through the sympathetic assistance of their flock, but they are not so sustained, in many cases, and hence the resignations. The condition is not confined to the Baptist church; other denominations are suffering under a similar problem, and we venture to say that the solution will not be reached until such time as ministers are paid in accordance with the dignity of their profession and the responsibilities of their position.

## VICE-PRESIDENT OF G. T. P. IS DEAD.

Toronto, June 17.—Martin Montgomery Reynolds, second vice-president of the Grand Trunk Pacific Railway and a vice-president of the Grand Trunk Railway, died at Old Point Comfort this morning. Mr. Reynolds was born and educated at Syracuse, N. Y. He had had thirty years' experience in railway accounting and finances, and was controller of government railways in Mexico for five years, resigning the position in 1908 to join the staff of the Grand Trunk Railway in Canada.

He deceased was about fifty years old and it was only on May 20 last he was married for the second time. He has been ailing for some time, but the news of his death was a distinct shock to local G.T.R. officials.

First Vice-President Wainwright died not very long ago, and thus two heads of the Grand Trunk Pacific Railway have been removed within a very short space of time, creating two important vacancies.

A strained ankle may as a rule be cured in from three to four days by applying Chamberlain's Liniment and observing the directions with each bottle. For sale by City Pharmacy. (4)

## ALBERTA ACT TO GO BEFORE PRIVY COUNCIL.

Ottawa, June 17.—Whether a province has right to bring under provincial control and impose conditions on railways incorporated by federal authority is a question to be brought before the privy council at its mid-summer sitting. The government of Alberta passed such an act and the government here instead of exercising the prerogative of disallowance, decided to refer it to the privy council. The case will be argued by the deputy minister of justice.

## Lacombe District News

## Clive News

This week Mr. John Maurer shipped three hundred hogs, one to Swift Current, Sask., one to Marville, Alta., and one to Browhead, Sask.

Miss S. V. Henderson, of Penhold, is visiting her aunt, Mrs. Wm. Morton, this week.

F. Sissons and W. Morton attended the meeting of the Red Deer District County Lodge of the L.O.L. in Lacombe on Monday.

On Friday evening the local baseball team defeated Mirror on their own diamond in a seven inning game by a score of 9-1.

A concert and basket social will be held in the Pioneer Hall on June 25, in aid of the baseball team. A good time is assured, so come and help support the home team.

The Clive L.O.L. held a very interesting meeting on Monday evening, and added another member to their roll. Several of the members were advanced to a higher degree.

On Saturday, June 27, there will be a grand picnic with sports, etc., at Clive in aid of St. John the Baptist church. It is hoped it will be possible to arrange a football match the same day. All children are invited free, adults 25c. Ice cream extra. Full details will be announced in next week's issue.

## Gull Lake News

The lake is already attracting many Edmonton cottagers. Among those who came down the last week were—Mr. and Mrs. Blackett, Mr. and Mrs. Mole, Mr. and Mrs. McGinnis, Mr. and Mrs. Burke, many of them bringing some of the little ones.

"Thistle Inn" is building an up-to-date room garden, where the visitors may get a fine view of the lake and the country around it.

The Lake View pavilion was opened on Friday night last, when Mr. Kirby gave a dancing party to his many Lacombe, Gull Lake and Bentley friends.

Beds, Mattresses and Springs at Morrison & Johnston's, Ltd.

## Bentley News

June rains are visiting this section in bountiful showers these days, and the wetness to have it all their own way.

Many are hoping that the roads will dry that they may take in the sports at Kimbley on the 29th. We have expected to see a baseball and football team journey there from Bentley and bring back first money.

The telephone department have a crew at work on rural line work here, extending to the farmers where the poles were delivered over a year ago. When this is all done, Bentley will be the centre of quite a large phone exchange. Jabez McPherson is busy getting in lumber for his new residence on McPherson Ave.

Arrangements are being pushed to get the grounds in shape for the Dominion Day celebration here, and a good time is assured. Be sure and celebrate at Bentley.

Mrs. Baker has a large supply of fireworks for Dominion Day. Special services next Sunday in the Methodist Church—Morning, 11 a.m.; children's service; also evening 7.30 p.m. The new pastor, Rev. Chauncy, will take the services. A hearty invitation to all.

## Ponoka News

C. M. Campbell left this week for Hinton, and from there will go by pack horses, to the head waters of the Big Smoky river, Charlie is to be employed by the Hudson Bay Company for the next twelve months.

A change is taking place in our school staff at this term, Miss McMillan and Miss Dunning having resigned. Miss Moyers will take the vice-principalship and Miss Laycock Grades V. and VI. The trustees are advertising for a couple of teachers to fill the vacancies.

A number of our young men left on Monday to join the Westsaskatoon troop of mounted infantry, preparatory to their going to Calgary, where they will spend some two weeks under canvas at the military camp. No doubt the young lads will have a great holiday.

A very pretty wedding took place at the home of W. M. Parkes of Concord, when Reginald Herbert, Creese and Beattie Catherine Parks were united in the holy bonds of matrimony by the Rev. Geo. F. Driver, Ponoka. The bride was beautifully arrayed for the occasion, and was attended by her sister, Lila M. Parks. Mr. Arnold Creese, brother of the groom, was best man.

## Arbordale News

We are sorry to hear of Mr. Schrumm's serious operation, but we wish him a speedy recovery. The dance held last Friday night in B. S. Burke's barn was a good one and everybody reported a good time.

The ice cream social held at lowells last Friday night was fairly well attended. It is too bad that both dance and social are on the same night, as it spoils the crowd so.

A bunch from here went to Morningside and played a friendly game of baseball with the Morningside team, and a good game was played. The boys came home highly pleased with the Morningside team and the way they were used. The Morningside team play a return game here on Saturday next.

There will be a baseball practice on Sunday afternoon until further notice at 10 o'clock. Everybody that can twirl the pill come rollers as well.

That Chairman Bunch got rather left last week, it's very uncertain to take things for granted nowadays.

Mr. Brown is busy erecting a pigpen and drive shed. It will be some building when completed.

Patriotic Sunday will be commemorated next Sunday here, and service and Sunday school will be held jointly, beginning at 10.30 o'clock. Two addresses will be given by two different speakers; special singing and responses. As 2 is the commemorative of the 100 year's peace between the United States and Canada, a bright service is expected.

## Rainy Creek News

Miss Mildred Carrist spent Sunday with home folks.

Mrs. G. W. M. Thompson and son were in Lacombe Saturday of last week.

Ray Steele went to Lacombe last week, where he is working at painting and paper hanging.

Wedding bells in Rainy Creek this week. A more detailed account will be given next week.

The many friends of Mrs. Andrew Bigham will be sorry to learn that she is seriously ill.

A ten-pound boy made its appearance at the home of Mr. and Mrs. H. C. Peterson on Sunday morning.

The Misses Annie Thompson and Annie Nelson, and Masters Kenneth Dunc, Frank Nelson and James Dunc, are the pupils from the Carrist school taking the examinations in Lacombe this week.

## Brooksley News

Born to Mr. and Mrs. Dave, on June 17, a son.

There has been a crossing put over the track here, and a train coming to the store will have a good trail hereafter.

Dan Martin has returned to his farm here.

The weather has been very disagreeable the past week.

## WHEN BUYING YEAST INSIST ON HAVING THIS PACKAGE

## DECLINE SUBSTITUTES

## STANDING GRAIN COMPETITION.

The Central Alberta Exhibition Association, of Lacombe, offer the following prizes in the standing grain competition:

Wheat (Fall)	one class \$12.00	\$8.00	\$5.00
Oats.....	12.00	8.00	5.00
Barley.....	12.00	8.00	5.00

The rules governing this competition can be secured from the Secretary, N. E. Carruthers, and all entries must be in by July 1.

## HAIL INSURANCE.

The danger period for damage by hail is here. Are you ready for it? Over one hundred losses have been reported to the office of the Farmers' Mutual Hail Insurance Association for damage done by hail on June 17, 18 and 19. The storms appear to have been pretty general. The losses cover the province from south of Edmonton on the north, and from twenty-five miles west of here to the Saskatchewan line. Farmers from more than thirty-three townships report loss and many claim that it is the worst hail-storm they have had for fifteen to twenty years.

There will be some damage now, but these same storms a month later would mean total losses. Insure your crops before it is too late in a company that has twenty-one years of satisfactory business behind it. This company has a million dollars of insurance on its books, and it has been necessary to double the office force to take care of the applications that are daily coming in. Call on the manager of his office over the Royal Bank, Lacombe, and talk over the matter with him. Get your insurance at cost in a company that does as it agrees, and be with the association that is doing the business.

## BASEBALL

On Wednesday night last, Clive defeated Lacombe in a seven-inning game by a score of 4-1. It was a case of Clive getting away in the first innings with a couple of very lucky hits, and although the locals had two or three opportunities to even the score, it seemed impossible to get a hit when it meant runs. The Clive boys put up a very good game, and as this is the second time they have defeated Lacombe, they naturally have gone up in the estimation of the fans. However, the summer is not ended yet, and the locals will get to them before long. Without Fred Thompson, their catcher, they would not have much show, but he handles the team in a way that keeps them playing ball at every stage, and too much credit cannot be given him for their wins. One feature of the game was the excited condition of "Grandpa" Allison, during the game was continually kicking about the umpire, and said the Clive boys would not stand for such work, and that all they wanted was a square deal. This was when it looked as if Lacombe was going to even things up. After the game he was asked what he thought of the umpire, and he remarked that he thought he was very fair, and they had no kick coming. Strange what a difference it makes when your team wins. Otherwise the umpire is "rotten." Cheer up, Paul you umpired yourself when you were young, and I wonder if they ever said it about you.

RED DEER 6, LACOMBE 4.

The hoodoo still clings to the locals. On Friday night, in a league game with Red Deer at that city, the locals again met defeat. It was another of those hard luck games. With the bases full on three different occasions, and when a hit would have looked like a thousand shares in the Dingman oil well, the best we could do was to put a nice little easy one to the mound. The locals outplayed Red Deer in every way, but could not lose the hoodoo.

Several changes will be made in the local team, and it is hoped that it will be for the best. We have the material, but it seems we cannot get away with a win. Once we get a start, we will be very close, and we will yet be very close to the top if not on top when the season closes.

## Blackfalds News

The Imperial livery barn changed owners this week, Mr. Curry having disposed of the business to Roy H. Trout, who is now open to undertake all livery and transfer work. The residents wish Roy Trout every success in his new venture.

Several members of Blackfalds L.O.L. will be attending the county meeting and Sealer Chapter held in Lacombe on Monday. Three members were initiated into the Sealer degree, and the Orange degree was conferred upon others.

The Methodist Ladies' Aid held a busy time on Saturday serving ice cream.

Miss Connolly, of Edmonton, is visiting with her sister, Mrs. Rev. Greer, at the manse.

Mr. Mole and Mrs. Paul, of Vancouver, together with Mrs. Mole, of Lakeside, were visitors to the parishage this week.

The Ladies of Blackfalds Methodist Church are arranging for a concert to take place on Friday, July 17. An excellent program by local talent is being prepared.

Mrs. Magee is spending a week in Red Deer visiting old friends.

The Blackfalds Orangemen are arranging to hold their annual camp parade on Sunday evening, July 5, at 8 o'clock, to the Methodist Church.

Mrs. Albert Trimble is visiting with Mrs. Shillington.

Mrs. Curry and Mrs. Turner were visitors to the Methodist bazaar at Clive on Saturday.

The school managers met for important business in Secretary McNicol's office on Saturday.

The oil boom is very much in evidence in Blackfalds.

Rev. E. C. Buchanan spent the week-end in Blackfalds and preached at each appointment on Sunday in the interests of Methodist Home Mission Work in Alberta.

Mrs. Davidson, of Ontario, is visiting friends here, on her way to the Coast, where she intends to spend the winter.

Racey Dunham is busy painting his house.

Mr. Bills has accepted a position with Roy Trout.

We have heard a rumor that a doctor will locate here in a few days. There is a good opening for a medical man and a drug store.

The hotel is now closed to the public, and there is urgent need for a well-managed boarding house to accommodate the travelling public who pass through Blackfalds on their way to the Mountain House and other points.

A full line of Fishing Tackle, at Morrison & Johnston's, Ltd.

## SEVENTH DAY ADVENTISTS' CONFERENCE

Red Deer, Alta., June 22.—In a stirring discourse on the second coming of Christ to this world, preached to a large company of delegates and members of Adventist churches in the pavilion tent at the Seventh Day Adventist encampment in this city, Pastor J. L. Wilson declared that this great event should be so firmly established in the minds of men that their conversation will not be of farms or oil wells, Clive or the soon coming of Jesus, and what it means to the world.

Beginning with John 14:1-3, Pastor Wilson said in part: "This promise of the second coming of Christ is the thing that has buoyed up God's people all through the ages, and once they lose sight of it trouble and discouragement come in." Quoting as his authority Acts 1:9-11, Pastor Wilson stated that Jesus will come from Heaven to earth on a cloud just as he ascended on a cloud, and this will be the first sign seen by mankind of this grand and solemn event.

Continuing, he said: "Christ will not come to a little corner of the earth, nor will it be necessary for men to go to some city to find Him, but He will find them when He comes. The Lord does not ask men to build a city for Him to come to, but what He asks is that men will build character and He will build the city for them."

To show his congregation what will happen to the faithful who are alive at that time, and also to those who have died trusting the Lord, Pastor Wilson quoted 2 Thess. 4:13-14: "Why, it is going to be the greatest scene this world has ever witnessed," he said. "A great event when Jesus is crowned King of Kings and Lord of Lords and comes to the world to gather people of all tribes and nations and this old earth throws up its dead and those asleep in Jesus hear His voice."

Pastor Wilson declared that everything in the world was ripe for Christ's coming in this generation. He said that sign after sign, prophesied in both Old and New Testaments has been fulfilled to prove this to the most carnal of men. "The time is now, the thing to be done," he said, "and approved—J.W.A.D.L. (J24-3c)

world; if we live for anything else under the sun we have missed our calling. Our own salvation depends upon our earnestness in giving heed to the message of a soon coming Saviour to the people."

Red Deer, June 23.—The interest in the ninth annual Seventh Day Adventist conference and camp-meeting is increasing, and in spite of unfavorable weather conditions, large numbers of delegates and visitors are arriving on the daily trains. Over 200 of these are camped on the grounds and considerably over that number are attending the fifteen meetings which are being conducted daily in the English, German, Scandinavian and Russian languages.

At yesterday's session of the conference, the report of the Sabbath school for the past year was presented. According to the facts enumerated by the Secretary, the denomination is operating 36 schools in Alberta, with a membership of 997 pupils who contributed the sum of \$3,342.30 in offerings during the year. Much enthusiasm was manifested by the delegates when they were told that during the year there had been a gain of fifteen new schools, 360 members, and an increase in offerings of \$1,321.36. Every cent of the Sabbath school offerings raised by the denomination in North America is passed directly over to the foreign mission fields for the maintenance of its 2,777 missionaries who are found in every quarter of the globe. In 1913 the North American Division Conference raised the sum of over \$200,000 for the work in the mission fields.

At the evening meeting, Pastor J. L. Wilson addressed a large congregation on the subject of "The Law of God," declaring that it is binding on men today, is the revelation to mankind of sin, and that it is the test of obedience to God. He said that the message for which Seventh Day Adventists stand today is found in Rev. 14:6-12, one of the vital points of which is found in verse 7: "Fear God, and give glory to Him for the hour of His judgment is come." All men have sinned and come short of the glory of God and their sins are revealed by the ten commandments. Referring to Eccl. 12:13, Pastor Wilson affirmed that the duty of man in regard to the law is set forth in a nutshell in this text, and only by obedience to the same can men glorify God.

"The apostle James names the ten commandments 'the Royal Law,' not a law made by parliament or legislators, but by the Head of this great universe. It is a perfect law which existed before the world was made. The apostle showed from Isaiah 14:12-14, that Satan broke every article of the decalogue in Heaven when he endeavored to exalt himself above his Maker. He showed that Christ was the creator of Heaven and earth, and as such He should receive the worship of mankind today. Rev. 14:7, John 1:1-14, It was Christ who gave the law from Sinai, he said."

### FOUR THOUSAND MILES OF STEEL IN ALBERTA BY END OF YEAR

Calgary, June 21.—"By the close of the present year there will be 4,000 miles of railway steel in the Province of Alberta."

That was the optimistic statement of Premier Sifton, who is spending a few days in the city.

Premier Sifton, it will be remembered, is also minister of railways and telephones.

"That means that 500 miles of steel will be laid this year. I am informed that active railway building will start in a very short time. The C.N.R. will complete the road from Calgary to Macleod. There will also be much railway building in other parts of the province. There will be about as much railway building altogether as there was last year."

The premier said that the province would spend one million dollars in telephone extension.

"The extensions will be in districts where there is reasonable expectation of the revenue meeting the expenditure. There are many more applications than any organization could keep up with. Some selection must be made. The new lines will be placed where they are needed most."

The premier said that the province was in a very satisfactory position.

"For every liability coming due this year, there is money in the bank to meet."

### ANGELIC SYNOD IS GETTING BUSY.

Calgary, June 19.—The Anglican synod went on record yesterday as being in favor of the "abolish the bar" movement. By a unanimous vote the synod adopted the report of the standing temperance committee, recommending that the provincial government be memorialized to appoint a commission of experts to suggest legislation to abolish the bar, and to place the sale of alcoholic and spirituous liquors under the direct management of the government.

Another resolution submitted by the committee was that in order to discourage drinking, all church people should pledge themselves neither to treat or be treated in any bar room. This was adopted unanimously by a standing vote.

Still another recommendation that was approved was that the department of education be petitioned to provide a course in all the upper grades of the public schools and the high schools on the effects of alcoholic and spirituous drinks, the course to be conducted either by a graduate physician or a teacher instructed by one.

### WIFE ESCAPING NINE BULLET, HE ENDS LIFE

Kingston, June 18.—After firing nine shots, a couple of which narrowly missed hitting his wife, Wellington Babcock, aged 40 years, a farmer, living north of Wilton, fired a shot from a revolver into his brain and died almost instantly. The shooting occurred at the home of his brother, Overton Babcock, at Odessa, where his wife has been living with her two children for the past year, having been separated from her husband. He went there for the purpose of getting his wife to come back and live with him, but she refused.

### HALF THE TOWN OF CARBON DESTROYED BY FIRE.

Carbon, Alta., June 19.—Practically half the town of Carbon is a mass of blackened ruins as a result of the big fire which started this morning at one o'clock, and destroyed six of the biggest business blocks in the town before it could be put out.

J. E. McLeod was awakened early this morning by the red glimmering light on his window from the fire in Central Block. He rushed out of his house and gave the alarm. Immediately the citizens responded to a man, and the women and children were removed to a safe distance while the fire fighters began active work to save the town.

Owing to the high northwest gale the fire spread rapidly and shortly McLeod's hall and ice cream store, a general store, a restaurant, Burnett's ice cream parlor, the Carbon clothing store, McFarland office building, Burnett's hardware store, H. Nash's general store and J. Baird's real estate office, were burning fiercely. The wells in the town had meanwhile been pumped dry in an effort to save some of these stores, and the water was now being brought from Kneehill creek.

The fire fighters decided to make a last determined stand when the fire attempted to cross an intervening lane in the direction of the Carbon Hotel. Wet blankets and cloths were hung on the sides of the hotel, and the whole drenched with water. The same procedure was enacted to the hotel on the south side of the street, and one band of the firemen meanwhile kept the fire within the bounds of the grounds it had already gained.

After working for four hours the weary townspeople were finally able to get the blaze under control, and at 5 o'clock the danger was past.

The damage is estimated at between \$40,000 and \$50,000, and about \$12,000 is the amount covered by insurance. C. R. Nash and C. S. Burnett are the heaviest losers as a result of the fire.

Citizens fighting the fire in one building, the Burnett's hardware store, ran a great danger when 50,000 rounds of ammunition and cartridges exploded, and for some time kept up a rapid volley, which was heard for miles.

Carbon is situated about 60 miles northeast of Calgary, and the first news of the big blaze was sent in when the telephone wires, which burned down during the fire, were replaced this morning at 7 o'clock.

### CANNOT GET OUT-OF-WORKS TO FARMERS.

Ottawa, June 18.—"If we could only induce those out-of-works to go into the country from the city and to free dinner tables provided for them, it would be a great thing for the country. I could place 10,000 men on farms in Ontario alone."

Such is the opinion expressed by Hon. T. W. Crothers, minister of labor in connection with the unemployed, which is common in the cities of Canada today.

"The trouble is," said the minister, "that so many of these men refuse absolutely to go on the farm. Everywhere there is an outcry for farm help. As a people we are losing money because we can't get the land tilled as it should be. Whatever militates against the farm militates against Canada as a whole."

### LINERS COLLIDE IN FOG.

London, June 17.—The North German Lloyd steamship Kaiser Wilhelm II, from Southampton to New York, put into Spithead this afternoon, after a collision with the liner during a thick fog. The liner's bows are damaged.

### DETERMINED WAR ON BOVINE TUBERCULOSIS

Ottawa, June 18.—The Dominion government department of agriculture is determined to stamp out bovine tuberculosis, and the drastic regulations provided in the recent order-in-council, which authorizes the department to co-operate by a grant of aid to towns of less than 5,000 population will result, if carried out, in the practical eradication of the disease. It applies particularly to towns which have made provision for the licensing of dairy, and from which their milk supplies are drawn, these licenses to be issued only if the dairies conform to a standard requiring ample airspace in the stables, ventilation, drainage (and at least two square feet of window glass for each cow.

Two years from the test of each cow in the dairy the sale within the city or town of milk or cream shall be prohibited unless herds show a clean bill of health from veterinary inspectors. Each city or town shall appoint an inspector or inspectors to see that the cows are kept clean and properly cared for.

When these requirements have been carried out by any city or town, and an application made for the co-operation of the veterinary director general, the latter shall send veterinary inspectors to inspect the dairy cows and bulls, subjecting them to the tuberculin test as well as making a physical examination in each case.

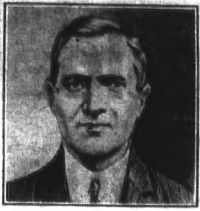

Cows infected with open tuberculosis and which are distributing the germs of the disease through the milk or otherwise, shall be slaughtered at an abattoir under inspection or in the presence of the inspector who shall give directions as to the disposition of the carcass. Reactors to the test are to be separated from non-reactors to the test, and shall be immediately slaughtered after they have been prepared for the block by drying off and feeding; or they may be retained in the herd and no milk or cream sold until it has been pasteurized.

Provision is made for the compensation of the owners for all cows slaughtered under these regulations, the compensation to be equal to one-half the appraised value in the case of open tuberculosis, one-third the appraised value if the cow is destroyed as a reactor at request of owner.

The regulations provide for periodical tests whenever deemed necessary by the veterinary director general. No new cows are to be added to a herd unless they have passed the test of the de-

### PAIN NEARLY DROVE HIM MAD

Suffered Horribly Until He Turned To "Fruit-a-Lives"

J. A. CORRIVEAU

DRYSDALE, ONT., June 15th, 1913. "I am a general storekeeper at the above address, and on account of the great good I have experienced from using 'Fruit-a-Lives', I recommend them strongly to my customers. They were a great boon to me. I can tell you, for about two years ago, I was laid up in bed with vomiting and a terrific pain at the base of my skull. The pain nearly drove me mad. Doctors feared it would turn to inflammation of the brain but I took 'Fruit-a-Lives' steadily until I was cured. I have gained fifteen pounds since taking 'Fruit-a-Lives' and I verily believe they saved me from a disastrous illness."

J. A. CORRIVEAU. For Headaches, Neuralgia, Rheumatism and other diseases arising from an impure condition of the blood, 'Fruit-a-Lives' is invaluable and infallible. 50c. a box, 6 for \$2.50, trial size, 25c. At all dealers or sent on receipt of price by Fruit-a-Lives Limited, Ottawa.
